

Breville Dehumidifier - LAD308WHT

\$ 379.00

🚚 FREE PERTH METRO DELIVERY OR LOCAL PICKUP

Air Dehumidification for medium rooms Equipped with a laundry mode, a humidity level colour indicator and 2 stage air filtration, this dehumidifier will tackle dampness with ease. Recommended for medium rooms up to 50m².

Features:

- Control your home's humidity level on the go with the Breville Home Connect™ app, so you can feel comfortable the moment you walk in the door. Now with the added option of Bluetooth connection and control.
- Control your dehumidifier using your voice via Amazon Alexa & Google Home/Assistant.
- Live Humidity Control automatically keeps the humidity in your comfort zone by setting your desired comfort level and allowing the dehumidifier to do the rest.
- An integrated system changes colour to visually identify the level of humidity in the air.
- Pre-filter for dust & pet dander
- Carbon filter for odours & smoke
- Assists with drying wet clothes faster when hanging indoors. Gentle for less wrinkles compared to electric dryers. Also useful in drying wet carpets or rugs.
