

Winix Zero+ Pro 5 Stage Air Purifier by AusClimate AUS-1250AZPU

\$ 479.00

 FREE PERTH METRO DELIVERY OR LOCAL PICKUP

The Winix ZERO+ PRO 5-Stage is our most powerful air purifier, designed to thoroughly filter the air in homes or workplaces. With a unique, comprehensive 5 stage filtration system it can effectively clean air in bedrooms up to large, open plan rooms and workplace offices. World-leading air filtration for airborne pollutants and allergens including Dust, Pollen, Pet Dander, Smoke, Mould Spores, VOCs, Household Odours, Bacteria and Viruses.!

Features:

- **Approved by the National Asthma Council Australia Sensitive Choice Program**
- 5-stages of air filtration and optimum performance at room sizes up to 49.5 m²
- Australian Hospital-grade True HEPA filter that captures 99.97% of airborne pollutants as small as 0.3 microns
- Deodorization Activated Carbon Corrugate Filter: captures VOCs (chemical vapours) as well as offensive odours (up to 99% efficiency)
- Pet filter: captures large particles, dander & pet hair
- 4 fan speeds with 'set & forget' auto mode and triple Smart Sensor: monitors and reactively adjusts to airborne contaminants and odours
- Smart Air quality LED display
- Sleep mode: dims the lights and operates in quiet mode with exceptional energy efficiency: up to 12 times more efficient than a typical 60w household light bulb

Specifications:

- Air Flow: 120m³/hr in Sleep Mode and 402m³/hr on Turbo
- Filter Stages: 5 Stage (Pet Filter + Washable Pre-Filter + Activated Carbon Corrugate Filter + True HEPA Filter + PlasmaWave® technology 2.0)
